THE ELLISON INSTITUTE BUILD: ARMSTRONG ROAD

So far, 500 of 1600 piles have been sunk so we'll be able to hear the banging for months yet. It's a noisy part of the build, but residents of Armstrong Road, especially those working from home are more disturbed by the road-sweeper lorries with spinning brushes which Laing O'Rourke are kindly using to clean up after themselves. In the next few months part of the old hospital building is to be demolished, and 6 tower cranes will be brought to the site. As the year goes on there will be a sizeable increase in the number of delivery lorries, and hoardings will display the story of this tremendous venture. Ed

GROWING GARDENERS at John Henry Newman Academy

We are busy re-establishing the school allotment / growing area, and have a group of keen young gardeners who spend time in their lunch breaks digging, weeding, seed planting and investigating all the creatures which they find. We have joined the RHS *Grow with it* campaign: to encourage children to come together and grow plants for our changing climate, the RHS this year has provided seeds which will cope better with dry conditions, so we need less water for them.

Can you help us? Do you have a spare water butt, or watering cans you could donate to the school? Do you have spare seedlings for example tomato plants, or lavender plants and other herbs you could donate? Do you have any spare fruit bushes, Raspberry or Blackcurrant? If 'yes' please just bring them along to the school office. Thank you in advance. We will keep you updated on all our growing successes.

While you were sleeping or enjoying Oxford folk festival, a few selected highly trained Explorers went into hiding, to gather info on potential spies who were posing a threat to Oxford and the UK. All info has been passed on to MI6. Thanks to them

ST JOHN FISHER SCHOOL NEWS

(photo permissions granted)

It's been a very active and busy half-term at St John Fisher.

- Our Year 4 children been on an action-packed residential trip to Youlbury Scout Camp where they took part in abseiling and built campfires together.
- Our Year 2s have continued to build our link with Mansfield College, visiting both the college and the Natural History Museum.
- Football: we are the best school in Oxford, and after success at regionals, (we're one of the best 8 schools in the country) we've been lucky enough to represent the South West of England in the National Small Schools' Finals, Pride Park Derby.
- Due to our close partnership with Oxford United in the Community, two of our pupils were invited to the May 18 League One Play Off Final and offered a VIP experience: they took part in activities on the pitch and watched from a Box! Find pictures in the next issue.
- We topped all this off in a sporting sense with our girls' Football team being crowned Champions of Oxford on penalties against Our Lady's Catholic School.

POSSIBLE IMPACT OF FAILING INFRASTRUCTURE

You may know that the Environment Agency (EA) has objected to plans for 1450 new homes in North Oxford because Thames Water's Oxford plant cannot cope with more demand. I wrote to EA about the possible impact on the plan to build a Science Village with 3000 new homes in Sandford. They replied: "Littlemore Sewage Pumping Station pumps flow into Oxford Sewage Treatment Works (STW). As part of Price Review 19, Oxford STW was allocated funding by OFWAT to ensure they had sufficient treatment capacity for the population served and provide some resilience for future population growth. The deadline for these improvements to be delivered is March 2025. The EA understands that the improvement scheme for Oxford STW will not be delivered on time. Alongside this, through our regulatory role, we identified some 'serious and significant' permit breaches at Oxford STW in 2021. We are concerned that additional developments before improvements are made (including steps to come back into compliance), will cause an unacceptable environmental risk. We remain committed to engaging with Thames Water to agree a suitable plan to improve Oxford STW, but are disappointed that to date a suitable scheme design has not yet been agreed. We are continuing to engage with Local Planning Authorities to determine the impact of these delays on planned development." *Ed*

THE FUTURE OF TEMPLARS SQUARE

The previous owners, New River, secured planning permission for its partial redevelopment. The new owners Redevco wish to take a look with fresh eyes. They are seeking ideas from the City Council, from stakeholders and from the community and are undertaking rounds of consultation, all of which take time. Again this background Anneliese Dodds MP has written in:

'I recently met Redevco to put to them residents' concerns about the future of Templars Square, your district centre. I know that many Littlemore residents shop there regularly and are deeply concerned about its future. As your local MP, I share these concerns.

'I impressed on Redevco the need to ensure both that it continues to provide essential shops and services to local people, and that any redevelopment provides more much-needed social and genuinely affordable housing. There is work ongoing to try also to provide more health and well-being services on the site, while also considering the needs of the EMBS Community College.

'Right now however, there are significant concerns about the state of the Between Towns Road frontage of the centre, especially the area in & around the old Nelson Pub, and the now-closed former Wilko shop. I impressed on them the need to do something speedily to improve the appearance and use of this area while they develop more permanent plans for the rest of the site. I have also contacted the Police to report local concerns about anti-social behaviour and drug dealing here.

'I understand that Redevco will be offering updates soon.

'I will continue to put pressure on them not only to share more information about their plans but also to ensure that residents will have a real opportunity to shape them.'

To take part in their consultations or sign up for email updates from Redevco go to: <https://futuretemplarssquare.co.uk>. *Ed*

THE ELLISON INSTITUTE BUILD:

Community update

Our Laing O'Rourke Ellison project team has made significant efforts to build a strong relationship with the community during our work on our new project in Littlemore. Recently, we engaged in school outreach programs focusing on Science, Technology, Engineering, and Mathematics (STEM) to inspire young girls to consider a career in construction.

We have dedicated over 100 volunteering hours: they included time spent clearing the garden at Littlemore Village Hall for their centenary celebrations on 1 June. Additionally, we will provide refreshments for the June celebrations, and have raised funds for the Community Emergency Fund through office cake sales. We are keen to make a positive impact and will continue engaging with schools and local community groups where our involvement can be most impactful.

Project update

The Existing Littlemore House buildings have been completely cleared and the floors removed from the recreation hall. In the coming months the 1990's glass link buildings between the Recreation Hall and the North & South Wings will be demolished leaving three separate buildings. To date, over 500 of 1600 piles have been constructed: they form the foundations and basement walls for the new Littlemore House. Currently there are 4 piling rigs in operation and we expect the piling to be finished January 2025. *Amanda Thompson, Laing O'Rourke*

BAD YEAR FOR THE SNAKESHEAD FRITILLARY

Thank you to all who braved the weather to help the ecologists from Berkshire, Buckinghamshire & Oxfordshire Wildlife Trust at Iffley Meadows nature reserve with the meticulous annual count of Oxfordshire's county flower, the Snakeshead Fritillary – we simply couldn't do it without you.

Iffley Meadows is a floodplain hay meadow, and one of fewer than 30 sites in the country where these striking flowers bloom in the wild.

Sadly rain, flooding and high winds seriously reduced this year's numbers. Just over 6,000 were counted, down from 43,000 in 2023. This is the lowest number for nearly 30 years.

The low numbers are disappointing, but not unexpected. Recent heavy rain, and earlier prolonged and extensive flooding mean that many of the plants are struggling. Strong winds and deer browsing have also obliterated many delicate flower heads. But, if the weather behaves for the next 12 months, the plants should recover, as they have done before.

photo © Vanessa Moore

When BBOWT took over management of the site in 1983 less than 500 fritillaries were counted. Under the Trust's management, this number has soared to more than 80,000 in some years.

Floodplain meadows are one of the rarest habitats in the UK and are vitally important for precious wildlife and the mitigation of climate change. They soak up and store carbon and help prevent flooding downstream. Yet they are disappearing fast, destroyed by industrial-scale farming or swallowed up by development or infrastructure projects.

BBOWT manages 10% of the last remaining floodplain meadows in the UK, and is working hard to protect and restore

them.

We always need more funds. If you want to help please consider joining, or making a donation. Please visit our website bbowt.org.uk .

ROOTS CONNECTIONS AND OUR COMMUNAL WELLBEING

Every year we aim to run a project that brings together groups in our community.

This year we are focusing on roots, connections and wellbeing and reflect together on how we identify with our community and our roots.

We are looking for contributions in any media, text, music, image, drawing, sewing, knitting and fabricating in any way that tells your story which we will include with all stories to tell of our collective and communal identities.

There will be an exhibition in church as part of our Summer Festival on Saturday 6th July at St Mary and St Nicholas Church, Littlemore, which will include a special celebration piece containing local stories and (popular) songs we can sing together.

OXFORD LOCAL PLAN 2040 SET FOR PUBLIC HEARINGS

The Planning Inspectorate has appointed 2 officers to undertake an independent examination of the Oxford Local Plan 2040.

Initial hearings have been scheduled for 11, 12, and 13 June, at Rose Hill Community Centre, starting at 9:30 am each day.

The hearings will be open for the public to observe* and will be live-streamed via the City Council website.

The initial hearings will look at three issues:

- whether the plan has been prepared in accordance with procedural and legal requirements
- whether the Council has complied with the Duty to Cooperate, ie whether it has engaged with other relevant authorities and bodies constructively, and actively
- whether the plan is positive and meets national planning policy in assessing Oxford's needs and capacity for delivering new homes

The Inspector will consider the evidence provided by the Local Planning Authority in support of the plan and any representations which have been put forward by local people and other interested parties.

*If you wish to observe, you can just turn up but the Council has appointed an independent programme officer, Ian Kemp, to manage the examination and be the first point of contact for anyone with an interest in the process. He is happy to be contacted at: ian@localplanservices.co.uk , 07723 009 166.

Next steps

The Council expects the planning inspectors will hold more hearings later this year. If all goes well the Local Plan 2040 could be adopted in the summer of 2025: it will replace the existing Local Plan 2036.

AVOID TICKETING SCAMS

Thinking about buying tickets for a band, sport or festival?

Things to consider.

Is the event being advertised as "sold out"?

If it is, how did the seller get the tickets? Do they really have them for sale? Beware of sellers who want to meet you at the event.

Football ticket reselling is largely illegal.

If you're buying football tickets, be aware that it's illegal to re-sell most football tickets. Clubs may refuse you entry if you have bought someone else's ticket.

Where is the company's office?

Search online and see what comes up.

Does the company have a UK landline?

The website must have a standard rate number for customer service.

Are there customer reviews?

Check online to see what others are saying about the website.

Ask questions before you buy.

Questions can be as simple as 'when will the tickets be dispatched?'

Read the terms and conditions.

Always read the small print, particularly on unfamiliar websites.

Pay for tickets by credit card.

If the price of the single ticket is more than £100, the card issuer will be responsible for refunding you if you don't get the ticket.

Is the payment page secure?

When paying on-line, make sure that the payment pages are secure. Look for a padlock symbol in the address bar and 'https' in the website address.

Be smart, buy your tickets safely.

For more advice about scams, if you are worried about tickets you have bought, or to report a scam please contact the Citizens Advice Consumer Service on 0808 223 1133.

RECYCLING NOTICES

How to recycle textiles

- Donate textiles to charity shops: most will take clothing, bedding, and curtains in good, clean condition.
- Sell on second-hand marketplaces such as Shpock, Vinted, Depop, and eBay.
- Recycle at supermarkets: many, such as Tesco and Dunelm, offer in-store recycling. Simply bag up your unwanted textiles and drop them off when you shop.
- You can take clothing, bedding, curtains, sheets, and towels to Household Waste Recycling Centres including Redbridge.

Recycling centres to end Thursday late night opening

They will remain open from 8am-5pm, seven days a week.

Recycle your cooking oil

Place your cooled, used oil in a plastic bottle and pop it inside your food caddy for recycling. *City Council Recycling Team*

APPLYING FOR SOCIAL HOUSING

There's a new online application system at www.oxford.gov.uk/housing-register : it's quicker, simpler and more accessible than before. The council receives around 1,300 new applications a year. Most are unlikely to be considered. So there's now an eligibility checker which will help people make an informed choice about whether to apply. Using a smartphone or other device, you can submit supporting documents in a range of formats when you apply. This will speed up processing times and reduce the need for further communication during the assessment process. Those without access to the internet can call the Council on 01865 249 811 or contact an advice centre.

Council tenants and tenants of partner housing associations who want a transfer should continue to apply using paper and PDF forms. The Council will introduce an online transfer application system in the next few months. *City Council*

CHANGES AT THE PARISH COUNCIL

Before the recent elections, two Parish Councillors stood down: Sue Stewart, and Tiago Corais. Sue retired after nearly a decade's service. For much of that time she chaired the Planning Committee and read & commented on local planning applications: in addition, for several years she organised the distribution of LITTLEMORE LOCAL to every household with the help of a dedicated group of local volunteers. Tiago also offered years of service: he is particularly valued for his casework: he continues to be a City Councillor for Littlemore and is to be Deputy Lord Mayor for 2024/5. Three new Parish Councillors were appointed: Sorcha Lanham & David Henwood who have been Littlemore Parish Councillors before, & Alex Singleton who is new to parish council work. Dorian Hancock and Susie Aldridge were co-opted at the first meeting to fill vacancies for Bodley ward. LPC Chair for 2024/25 is Cllr Peter George, and Vice-Chair is Sadiea Mustafa-Awan. You can find LPC contact details in the electronic issue of LITTLEMORE LOCAL: meanwhile those without internet access can write to them at 25 Lambert Walk, Thame, Oxon, OX9 3DT, or phone the Clerk on 07377 682 216.

CHANGES AT CITY COUNCIL FROM ANNE STARES

I am delighted to be able to tell you that on Friday 3 May it was confirmed that the people of Littlemore had elected me to be one of its City Councillors for the next four years. To all who voted and supported me I want to say, thank you. This would not have been possible without your encouragement and support. I now intend to do all that I can to repay your belief in me.

For too long Littlemore has been overlooked and neglected with an acute lack of facilities and necessary infrastructure. Recent local government decisions have further isolated us and made our situation far worse. These are amongst many issues that I will be addressing. To those who did not vote or indeed, voted against me, I can only hope that I will soon find the opportunity to show you that our whole community is my concern and that I will be able and willing to make Littlemore the place we are all happy to call home. *Cllr Anne Stares*

THANK YOU TO SANDY DOUGLAS

In his time as a very committed City Councillor for Littlemore, Sandy achieved many things. He formed part of a group that successfully campaigned for a more frequent bus service to start this autumn, for a pedestrian crossing outside St John Fisher School, for CCTV on Cowley Road, for Mogridge Drive Children's Park to be opened, and for the Rose Hill & Donnington Advice Centre Outreach Service to be re-instated here. GPs and developers/the City Council have backed his proposal for a possible new health centre in Cowley Centre (it's to be put in the Local Plan). Sandy led in setting up the Littlemore Action Partnership Charity, intended to help local groups apply for and manage funds for improving Littlemore. He was instrumental in helping parents start to improve Oxford Rd Rec, and he set up a community gardening project. Next spring those 1000 bulbs we planted will be a cheery reminder of the good he has done. Good luck Sandy with your new family. You are a positive inspiration to us all, and we are glad you will continue to be involved in some of the initiatives you have started here. *Cllrs Tiago Corais,*

Trish Elphinstone, & Rev Margreet Armitstead

SMALL GRANTS FROM LITTLEMORE PARISH COUNCIL

The Parish Council will continue to offer small grants to local organisations: during 2024-5 there will be 4 opportunities to apply: the deadlines will soon be announced on LPC website.

TIAGO CORAIS: CITY COUNCILLOR SURGERIES

After a break imposed by the elections, Tiago is re-starting his Councillor surgeries at Littlemore Library. They are 3rd Friday each month 11am-12:30pm, but he hopes to trial an additional Saturday session in May, June & July to see if that suits residents. NB his new role as Deputy Lord Mayor may reduce his availability. Please check at the Library for updates. *Ed*

REPORT FROM OUR COUNTY & CITY COUNCILLORS

Sandy Lane West / St John Fisher: A pedestrian crossing, speed bumps and side road entry treatments will be in place in Sandy Lane West by the end of 2024. A feasibility study for additional road safety measures is underway: a public consultation will follow later this year (date tbc).

Mabel Prichard School: additional school places: Oxford County Council has approved funding to create an additional 23 new school places at Mabel Prichard Primary School: it caters for children from Oxfordshire with special educational needs and disabilities (SEND). It is hoped that building will start in August and be complete in April 2025. If you need information on SEND support, please contact Trish.

Don't talk about me without me! Oxfordshire County Council's Education and Young People Overview & Scrutiny Committee is looking for two young people to sit as members of the Committee to bring their own particular insight and expertise. If you are aged 25 or under, and either live in Oxfordshire or work for an Oxfordshire-based organisation representing or supporting young people, and would like the chance to make a real impact, we would love to hear from you. See: https://schools.oxfordshire.gov.uk/don't_talk .

Cowley Rd Underpass lighting: updates due end of May.

Verges: will be cut in June (paid for by Oxford City Council) and at the end of summer (paid for by Oxford County Council).

ANPR Camera in Littlemore Road: live now: the cameras are intended to allow through emergency service and other essential vehicles. They may offer more flexibility to arrange traffic diversions. **Fines apply after second offence.**

Cllr Tiago Corais, Deputy Lord Mayor: Cllr Tiago Corais, will be Deputy Lord Mayor of Oxford for 2024-25 (see p 20). He has recently stood down from duties as Parish Councillor, but he remains one of our City Councillors and is open to engage in any event that the community of Littlemore is organising.

If you need our help: please contact us:

Cllr Trish Elphinstone trish.elphinstone@oxfordshire.gov.uk

Cllr Tiago Corais Cllrcorais@oxford.gov.uk

We will both be at Littlemore Village Hall on Sat 1 June for the Afternoon Tea, & a chat. *Cllrs Trish Elphinstone & Tiago Corais*
